DESIGN STRATEGY AND CONCEPT

- PROVIDING A COMFORTABLE, ECONOMICAL AND USER FRIENDLY HEALING ENVIRONMENT TO PATIENT OF THE DISTRICT.
- PATIENT ORIENTED DESIGN STRATEGY.

HOSPITAL, LIKE HOME.

USER FRIENDLY

- The courtyard topology is the traditional architecture typology of Bihar.
- This typology will create community type public space.
- It is the best way for natural lighting and ventilation which will reduce mechanical loading of the building.
- Creating different types of open spaces which will provide more options of recreational and healing spaces.
- The planning of building will be north – south oriented and work as a eastern wind catcher which will provide cool air in summer season.
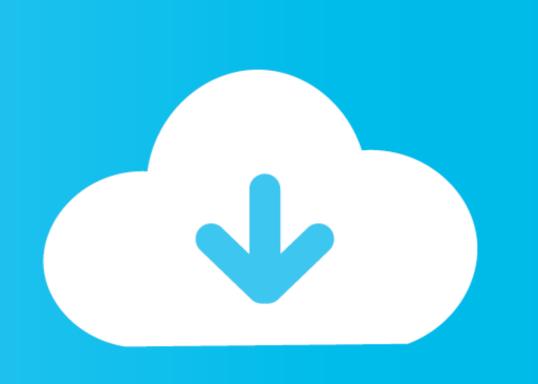

SUSTAINABLE DESIGN APPROACH

- Natural lighting and ventilation
- Passive cooling techniques
- Bring green inside the building for healing environment
- Well connection between the departments
- Orientation of the building

Maximum functionality with minimum staff

Efficient hospital

Ease of working

Energy conservation
